A Little Country Town

Not very many know of this little town. But someday it will be known by all everywhere around.

The little town may be of no great size, but the people that live there have made it very big in my eye's. Always giving a helping hand when someone is in need and to me this is what all town's need.

This Little Town with it's flowering tree's and a fresh spring breeze, it's poeple with heart's so full of joy - is the Little Town, known as ROY.

This was found in a City of Roy History file. We did some research, and could not find anything on this Author. Any information the community has would be appreciated.

The City staff and elected officials', with much help from our community, are doing our best to bring this "small town charm" back and even better.

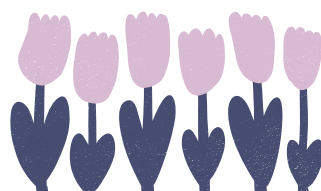

Thank you to all of our Council & Community members that participated in our Town Hall Meeting. Please stay tuned for future dates.
