## BACK TO SCHOOL SAFETY REMINDERS

Make school bus transportation safer for everyone by following these practices:

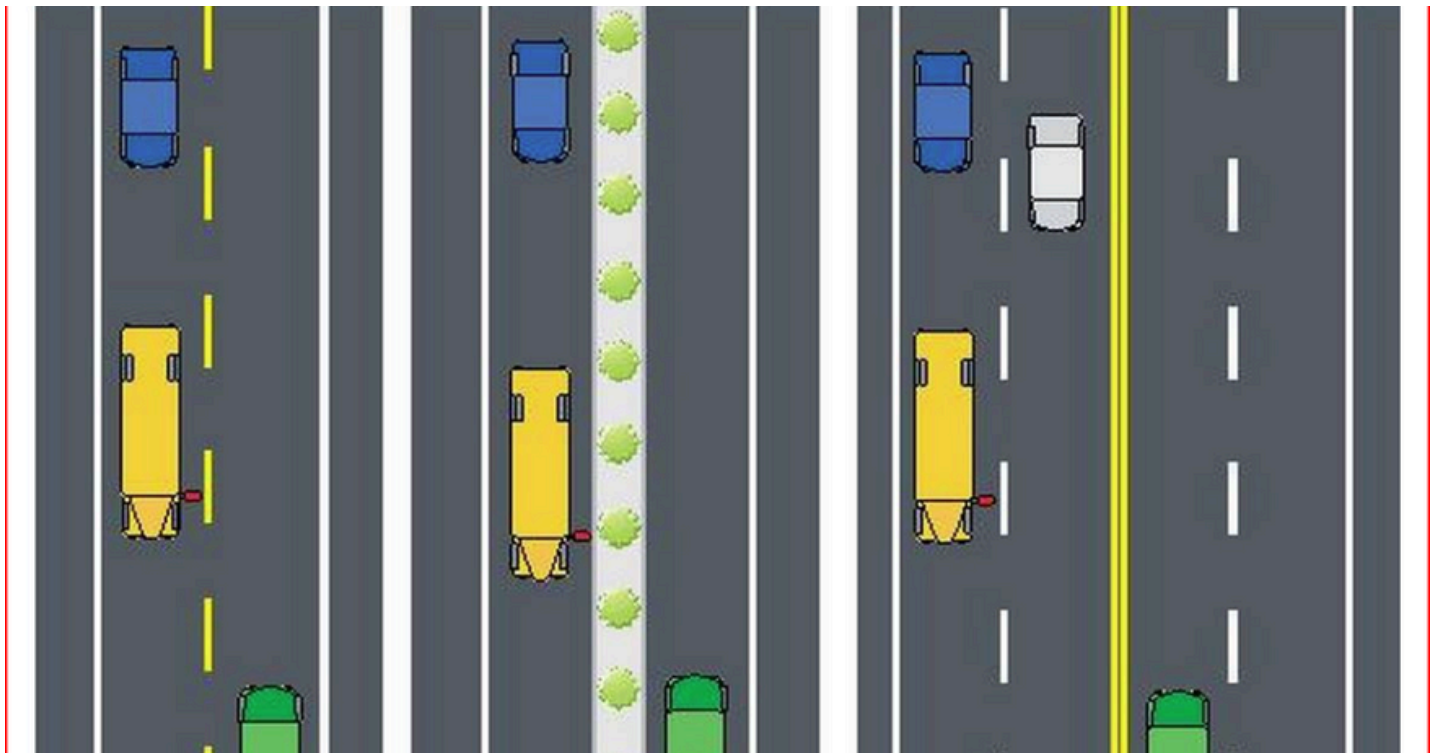

When driving in neighborhoods and in school zones, watch out for students who may be walking. Slow down. Watch for children walking in the street, especially if there are no sidewalks in the neighborhood.

When backing out of a driveway or leaving a garage, watch out for children walking or bicycling to school.

Flashing red lights, a retractable red "STOP" paddle, and a crossing arm in front of the bus signal that the bus is either loading or unloading students. Yellow flashing lights on the front and back indicate a bus is about to stop to load or unload students, so motorists should slow down and be prepared to stop.

As a general rule, a driver should not get any closer than 20 feet to a school bus that has stopped with red lights flashing. It is safe to proceed once the lights stop flashing.

\*\*\*School zone speed limit is 20 MPH 6:00 AM to 4:00 PM, Monday thru Friday whether lights are working or not, flashing lights are just a courtesy.\*\*\*

**Two lane road:**  
Blue car stops,  
Green car stops

**Divided road:**  
Blue car stops,  
Green car goes

**Four lane road:**  
Blue car stops,  
Gray car stops  
Green car goes
